“Capacity Building for EEAA Training Departments”
(Advanced)

Working group n° 3
**“ Perform a Training Programme of
Initiatives for Environmental Trainers”**

**Mr. Gaetano Battistella, Mr. Fabrizio Ciocca,
Ms. Alessandra Casali**

APAT

Agency for Environmental Protection and Technical Services

Perform a Training Programme of Initiatives for Environmental Trainers

Objectives:

The working group is finalised to involve participants in a debate to promote some considerations about activities for environmental trainers (also with reference to the training courses designed during the 1st Workshop)

Perform a Training Programme of Initiatives for Environmental Trainers

Activites:

Phase1: Discussion and debate about previously experiences in training activities for environmental trainers performed by EEAA and RBOs, with particular attention to the professional skills involved in the following main activities:

- Environmental Teaching;
- Coordination, management and liability of environmental programs and projects;
- Elements of environmental projects management;
- Competencies related to classroom activities: relation trainer-trainee interfaces and management of dynamic of group;
- Environmental technical and scientific competencies related to training contents

Perform a Training Programme of Initiatives for Environmental Trainers

Activities:

Phase 2: Proposal of a series of training initiatives to improve the skills of environmental trainers with particular regard to the following aspects:

- General knowledge about the environmental issues
- Knowledge about environmental normative
- General knowledge about social and environmental context in which training project is developed;
- Knowledge about relevant Institutions engaged in environmental protection

Moreover the initiatives proposed could consider other useful topics to increase the technicalities such as: knowledge about design, coordination, management, assessment of training activities.

Phase 3: Final presentation and discussion about working group's activities.
