

SOIL AND SUBSOIL

MORPHOLOGIC GRADIENT

Identified elements:

Category		
Sector		
Typology		
Unit of measurement		
Proponents	Local	Istitutional
Sources		

Normative references and objectives:

Normative references	
Objectives/standards	

Description and importance for the policy:

Description of the indicator	
Importance for the local policies	

Connections with other indicators:

Among categories	
Among sectors	
Among indicators	

Bibliography:

Web sites	Local	Istitutional
Bibliography of reference		

SOIL AND SUBSOIL

STRATIFICATION

Identified elements:

Category		
Sector		
Typology		
Unit of measurement		
Proponents	Local	Institutional
Sources		

Normative references and objectives:

Normative references	
Objectives/standards	

Description and importance for the policy:

Description of the indicator	
Importance for the local policies	

Connections with other indicators:

Among categories	
Among sectors	
Among indicators	

Bibliography:

Web sites	Local	Istitutional
Bibliography of reference		

SOIL AND SUBSOIL

FREQUENCY OF EARTHQUAKES

Identified elements:

Category		
Sector		
Typology		
Unit of measurement		
Proponents	Local	Institutional
Sources		

Normative references and objectives:

Normative references	
Objectives/standards	

Description and importance for the policy:

Description of the indicator	
Importance for the local policies	

Connections with other indicators:

Among categories	
Among sectors	
Among indicators	

Bibliography:

Web sites	Local	Istitutional
Bibliography of reference		

SOIL AND SUBSOIL

SEISMIC PLANNING

Identified elements:

Category		
Sector		
Typology		
Unit of measurement		
Proponents	Local	Institutional
Sources		

Normative references and objectives:

Normative references	
Objectives/standards	

Description and importance for the policy:

Description of the indicator	
Importance for the local policies	

Connections with other indicators:

Among categories	
Among sectors	
Among indicators	

Bibliography:

Web sites	Local	Istitutional
Bibliography of reference		

SOIL AND SUBSOIL

PRESENCE OF QUARRIES

Identified elements:

Category		
Sector		
Typology		
Unit of measurement		
Proponents	Local	Institutional
Sources		

Normative references and objectives:

Normative references	
Objectives/standards	

Description and importance for the policy:

Description of the indicator	
Importance for the local policies	

Connections with other indicators:

Among categories	
Among sectors	
Among indicators	

Bibliography:

Web sites	Local	Istitutional
Bibliography of reference		

SOIL AND SUBSOIL

PRESENCE OF DUMPINGS

Identified elements:

Category		
Sector		
Typology		
Unit of measurement		
Proponents	Local	Institutional
Sources		

Normative references and objectives:

Normative references	
Objectives/standards	

Description and importance for the policy:

Description of the indicator	
Importance for the local policies	

Connections with other indicators:

Among categories	
Among sectors	
Among indicators	

Bibliography:

Web sites	Local	Istitutional
Bibliography of reference		

SOIL AND SUBSOIL

NOT WOODED AREAS

Identified elements:

Category		
Sector		
Typology		
Unit of measurement		
Proponents	Local	Institutional
Sources		

Normative references and objectives:

Normative references	
Objectives/standards	

Description and importance for the policy:

Description of the indicator	
Importance for the local policies	

Connections with other indicators:

Among categories	
Among sectors	
Among indicators	

Bibliography:

Web sites	Local	Istitutional
Bibliography of reference		

SOIL AND SUBSOIL

SPECIFIC WASH

Identified elements:

Category		
Sector		
Typology		
Unit of measurement		
Proponents	Local	Institutional
Sources		

Normative references and objectives:

Normative references	
Objectives/standards	

Description and importance for the policy:

Description of the indicator	
Importance for the local policies	

Connections with other indicators:

Among categories	
Among sectors	
Among indicators	

Bibliography:

Web sites	Local	Istitutional
Bibliography of reference		

SOIL AND SUBSOIL

USE OF THE SOIL

Identified elements:

Category		
Sector		
Typology		
Unit of measurement		
Proponents	Local	Institutional
Sources		

Normative references and objectives:

Normative references	
Objectives/standards	

Description and importance for the policy:

Description of the indicator	
Importance for the local policies	

Connections with other indicators:

Among categories	
Among sectors	
Among indicators	

Bibliography:

Web sites	Local	Istitutional
Bibliography of reference		

SOIL AND SUBSOIL

USE OF THE MATERIALS (rocks and sands)

Identified elements:

Category		
Sector		
Typology		
Unit of measurement		
Proponents	Local	Institutional
Sources		

Normative references and objectives:

Normative references	
Objectives/standards	

Description and importance for the policy:

Description of the indicator	
Importance for the local policies	

Connections with other indicators:

Among categories	
Among sectors	
Among indicators	

Bibliography:

Web sites	Local	Istitutional
Bibliography of reference		

SOIL AND SUBSOIL

USE OF THE MATERIALS (rocks and sands)

Identified elements:

Category		
Sector		
Typology		
Unit of measurement		
Proponents	Local	Institutional
Sources		

Normative references and objectives:

Normative references	
Objectives/standards	

Description and importance for the policy:

Description of the indicator	
Importance for the local policies	

Connections with other indicators:

Among categories	
Among sectors	
Among indicators	

Bibliography:

Web sites	Local	Istitutional
Bibliography of reference		

VEGETATION, FLORA, FAUNA AND ECOSYSTEMS

PRESENCE OF PROTECTED AREAS

Identified elements:

Category		
Sector		
Typology		
Unit of measurement		
Proponents	Local	Institutional
Sources		

Normative references and objectives:

Normative references	
Objectives/standards	

Description and importance for the policy:

Description of the indicator	
Importance for the local policies	

Connections with other indicators:

Among categories	
Among sectors	
Among indicators	

Bibliography:

Web sites	Local	Istitutional
Bibliography of reference		

VEGETATION, FLORA, FAUNA AND ECOSYSTEMS

ANTHROPIC PRESSURE ON THE PROTECTED AREAS

Identified elements:

Category		
Sector		
Typology		
Unit of measurement		
Proponents	Local	Institutional
Sources		

Normative references and objectives:

Normative references	
Objectives/standards	

Description and importance for the policy:

Description of the indicator	
Importance for the local policies	

Connections with other indicators:

Among categories	
Among sectors	
Among indicators	

Bibliography:

Web sites	Local	Istitutional
Bibliography of reference		

VEGETATION, FLORA, FAUNA AND ECOSYSTEMS

WATERPROOF SURFACES

Identified elements:

Category		
Sector		
Typology		
Unit of measurement		
Proponents	Local	Institutional
Sources		

Normative references and objectives:

Normative references	
Objectives/standards	

Description and importance for the policy:

Description of the indicator	
Importance for the local policies	

Connections with other indicators:

Among categories	
Among sectors	
Among indicators	

Bibliography:

Web sites	Local	Istitutional
Bibliography of reference		

VEGETATION, FLORA, FAUNA AND ECOSYSTEMS

PRESENT FLUVIAL VEGETATION

Identified elements:

Category		
Sector		
Typology		
Unit of measurement		
Proponents	Local	Institutional
Sources		

Normative references and objectives:

Normative references	
Objectives/standards	

Description and importance for the policy:

Description of the indicator	
Importance for the local policies	

Connections with other indicators:

Among categories	
Among sectors	
Among indicators	

Bibliography:

Web sites	Local	Istitutional
Bibliography of reference		

VEGETATION, FLORA, FAUNA AND ECOSYSTEMS

FOREST SURFACE DESTROYED BY FIRES

Identified elements:

Category		
Sector		
Typology		
Unit of measurement		
Proponents	Local	Institutional
Sources		

Normative references and objectives:

Normative references	
Objectives/standards	

Description and importance for the policy:

Description of the indicator	
Importance for the local policies	

Connections with other indicators:

Among categories	
Among sectors	
Among indicators	

Bibliography:

Web sites	Local	Istitutional
Bibliography of reference		

VEGETATION, FLORA, FAUNA AND ECOSYSTEMS

NUMBER OF FAUNAL SPECIES AT RISK

Identified elements:

Category		
Sector		
Typology		
Unit of measurement		
Proponents	Local	Institutional
Sources		

Normative references and objectives:

Normative references	
Objectives/standards	

Description and importance for the policy:

Description of the indicator	
Importance for the local policies	

Connections with other indicators:

Among categories	
Among sectors	
Among indicators	

Bibliography:

Web sites	Local	Istitutional
Bibliography of reference		

VEGETATION, FLORA, FAUNA AND ECOSYSTEMS

TERRITORY SUBMITTED TO REFORESTATION

Identified elements:

Category		
Sector		
Typology		
Unit of measurement		
Proponents	Local	Institutional
Sources		

Normative references and objectives:

Normative references	
Objectives/standards	

Description and importance for the policy:

Description of the indicator	
Importance for the local policies	

Connections with other indicators:

Among categories	
Among sectors	
Among indicators	

Bibliography:

Web sites	Local	Istitutional
Bibliography of reference		

VEGETATION, FLORA, FAUNA AND ECOSYSTEMS

INTERDICT AREAS FOR FISHING

Identified elements:

Category		
Sector		
Typology		
Unit of measurement		
Proponents	Local	Institutional
Sources		

Normative references and objectives:

Normative references	
Objectives/standards	

Description and importance for the policy:

Description of the indicator	
Importance for the local policies	

Connections with other indicators:

Among categories	
Among sectors	
Among indicators	

Bibliography:

Web sites	Local	Istitutional
Bibliography of reference
