

"Methodologies and best practices for the participation of the stakeholders involved in flood risk prevention"

Consorzio Comuni Trentini - Sala Convegni - via Torre verde, 23

3/4 OCTOBER 2011

TRENTO

WORKSHOP AGENDA

Monday, October 3, 2011	Time	Agenda Item	Session Leaders			
9:30 – 10:00 Welcome, introductions & overview (LP,ISPRA, AdB, PAT) Chair: Monacelli Session 1: The identification of the stakeholders in the different fields: the on-going Alpine Convention initiative and the 3rd Water Conference 10:00 – 10:15 "Water in the Alps" – 3th International Conference: publication of the outcomes and Platform Water Management of the Alpine Convention (Angelini+Onida) Presentation of the Conference outcomes and proceedings: - The hydrogeological risk in the alpine environment (Armanini/Rigon) - 2000/60/EC and 2007/60/EC – points of contact and points of contrast between the European Directives and mountain peculiarities of the Italian laws of ratification (Pineschi/Palermo) - Safeguard and restoration of the river ecosystems: River Basin Management Plans and Regional policies (Terzuolo/Santolini) - Economic assessment on the hydropower use in alpine environment (Massarutto/Cetara) - The Common guidelines for the use of small hydropower in the Alpine region of the Alpine Convention (Pfaundler/Schwaiger) - Conclusions (Onida) 12.30 - 13.30 Discussion 12.30 - 13.30 Lunch The stakeholders involvement in the hydro-geological risk prevention 14:30 - 15.00 The stakeholders involvement in the hydro-geological risk prevention activities: rules and methodologies (LP) The experiences in the South East Europe ontext 15:30 - 16:00 Presentation of the results of the "Leitfaden fuer Flussraumbetreuung in Oesterreich" WWF AT 16:00 - 16:30 Break 17:30 - 17:00 The Experience of the Autonomous Province of Bolzano The provention of twe of the private companies in stakeholder involvement in an European project for risk management The point of view of the private companies in stakeholder involvement in hazard mapping Buero Revital Mr. Klaus Michor	Monday, October					
Session 1: The multidisciplinary approach in the application of the Directives for the identification of the stakeholders in the different fields: the on-going Alpine Convention initiative and the 3rd Water Conference 10:00 - 10:15 "Water in the Alps" - 3th International Conference: publication of the outcomes and Platform Water Management of the Alpine Convention (Angelini+Onida) 10.15 - 12:30 Presentation of the Conference outcomes and proceedings: - The hydrogeological risk in the alpine environment (Armanini/Rigon) - 2000/60/EC and 2007/60/EC - points of contact and points of contrast between the European Directives and mountain peculiarities of the Italian laws of ratification (Pineschi/Palermo) - Safeguard and restoration of the river ecosystems: River Basin Management Plans and Regional policies (Terzuolo/Santolini) - Economic assessment on the hydropower use in alpine environment (Massarutto/Cetara) - The Common guidelines for the use of small hydropower in the Alpine region of the Alpine Convention (Pfaundler/Schwaiger) - Conclusions (Onida) 12.30 - 13.30 Discussion 13:30 - 14:30 Lunch Session 2: Methodologies for the participation of the stakeholders involved in flood risk prevention 14:30 - 15.00 The stakeholders involvement in the hydro-geological risk prevention activities: rules and methodologies (LP) 15:00 - 15.30 Presentation of the results of the WP 4 questionnaire (DEF) The experiences in the South East Europe context 15:30 - 16:00 Presentation of the results of the "Leitfaden fuer Flussraumbetreuung in Oesterreich" WWF AT 16:00 - 16:30 Break 16:30 - 17:00 The Experience of the Autonomous Province of Bolzano 17:30 - 18:00 The point of view of the private companies in stakeholders involvement in hazard mapping Buero Revital Mr. Klaus Wichor	9:00 – 9:30	Registration of the participants				
identification of the stakeholders in the different fields: the on-going Alpine Convention initiative and the 3rd Water Conference 10:00 – 10:15 "Water in the Alps" – 3th International Conference: publication of the outcomes and Platform Water Management of the Alpine Convention (Angelini+Onida) 10.15 – 12:30 Presentation of the Conference outcomes and proceedings: - The hydrogeological risk in the alpine environment (Armanini/Rigon) - 2000/60/EC and 2007/60/EC – points of contact and points of contrast between the European Directives and mountain peculiarities of the Italian laws of ratification (Pineschi/Palermo) - Safeguard and restoration of the river ecosystems: River Basin Management Plans and Regional policies (Tezuolo/Santolini) - Economic assessment on the hydropower use in alpine environment (Massarutto/Cetara) - The Common guidelines for the use of small hydropower in the Alpine region of the Alpine Convention (Pfaundler/Schwaiger) - Conclusions (Onida) 12.30 - 13.30 Discussion 13:30 - 14:30 Lunch Session 2: Methodologies for the participation of the stakeholders involved in flood risk prevention 14:30 - 15.00 The stakeholders involvement in the hydro-geological risk prevention activities: rules and methodologies (LP) 15:00 - 15:30 Presentation of the results of the WP 4 questionnaire (DEF) The experiences in the South East Europe context 15:30 - 16:00 Presentation of the results of the "Leitfaden fuer Flussraumbetreuung in Oesterreich" WWF AT 16:00 - 16:30 Break The point of view of the private companies in stakeholder involvement in an European project for risk management The point of view of the private companies in stakeholders involvement in an European project for risk management The point of view of the private companies in stakeholders involvement in an European project for risk management	9:30 – 10:00	Welcome, introductions & overview (LP,ISPRA, AdB, PAT)				
identification of the stakeholders in the different fields: the on-going Alpine Convention initiative and the 3rd Water Conference 10:00 – 10:15 "Water in the Alps" – 3th International Conference: publication of the outcomes and Platform Water Management of the Alpine Convention (Angelini+Onida) 10.15 – 12:30 Presentation of the Conference outcomes and proceedings: - The hydrogeological risk in the alpine environment (Armanini/Rigon) - 2000/60/EC and 2007/60/EC – points of contact and points of contrast between the European Directives and mountain peculiarities of the Italian laws of ratification (Pineschi/Palermo) - Safeguard and restoration of the river ecosystems: River Basin Management Plans and Regional policies (Tezuolo/Santolini) - Economic assessment on the hydropower use in alpine environment (Massarutto/Cetara) - The Common guidelines for the use of small hydropower in the Alpine region of the Alpine Convention (Pfaundler/Schwaiger) - Conclusions (Onida) 12.30 - 13.30 Discussion 13:30 - 14:30 Lunch Session 2: Methodologies for the participation of the stakeholders involved in flood risk prevention 14:30 - 15.00 The stakeholders involvement in the hydro-geological risk prevention activities: rules and methodologies (LP) 15:00 - 15:30 Presentation of the results of the WP 4 questionnaire (DEF) The experiences in the South East Europe context 15:30 - 16:00 Presentation of the results of the "Leitfaden fuer Flussraumbetreuung in Oesterreich" WWF AT 16:00 - 16:30 Break The point of view of the private companies in stakeholder involvement in an European project for risk management The point of view of the private companies in stakeholders involvement in an European project for risk management The point of view of the private companies in stakeholders involvement in an European project for risk management	Session 1: The	multidisciplinary approach in the application of the Dire	ctives for the			
#Water in the Alps" – 3th International Conference: publication of the outcomes and Platform Water Management of the Alpine Convention (Angelini+Onida) #Presentation of the Conference outcomes and proceedings: - The hydrogeological risk in the alpine environment (Armanini/Rigon) - 2000/60/EC and 2007/60/EC – points of contact and points of contrast between the European Directives and mountain peculiarities of the Italian laws of ratification (Pineschi/Palermo) - Safeguard and restoration of the river ecosystems: River Basin Management Plans and Regional policies (Terzuolo/Santollini) - Economic assessment on the hydropower use in alpine environment (Massarutto/Cetara) - The Common guidelines for the use of small hydropower in the Alpine region of the Alpine Convention (Pfaundler/Schwaiger) - Conclusions (Onida) ### 12.30 - 13.30 Discussion ### 1330 - 14:30 Lunch ### Session 2: Methodologies for the participation of the stakeholders involved in flood risk prevention ### 14:30 - 15.00 The stakeholders involvement in the hydro-geological risk prevention activities: rules and methodologies (LP) ### The experiences in the South East Europe context ### 15:30 - 16:00 Presentation of the results of the "Leitfaden fuer Flussraumbetreuung in Oesterreich" WWF AT ### 16:00 - 16:30 Break ### 16:00 - 17:30 Risk perception among stakeholders and stakeholders involvement in an European project for risk management ### 17:30 - 18:00 The point of view of the private companies in stakeholders involvement in hazard mapping Buero Revital Mr. Klaus Michor	identification of th	he stakeholders in the different fields: the on-going Alpine Conve				
of the outcomes and Platform Water Management of the Alpine Convention (Angelini+Onida) 10.15 – 12:30 Presentation of the Conference outcomes and proceedings: - The hydrogeological risk in the alpine environment (Armanini/Rigon) - 2000/60/EC and 2007/60/EC – points of contact and points of contrast between the European Directives and mountain peculiarities of the Italian laws of ratification (Pineschi/Palermo) - Safeguard and restoration of the river ecosystems: River Basin Management Plans and Regional policies (Terzuolo/Santolini) - Economic assessment on the hydropower use in alpine environment (Massarutto/Cetara) - The Common guidelines for the use of small hydropower in the Alpine region of the Alpine Convention (Pfaundler/Schwaiger) - Conclusions (Onida) 12.30 - 13.30 Discussion 13:30 - 14:30 Lunch Session 2: Methodologies for the participation of the stakeholders involved in flood risk prevention 14:30 - 15.00 The stakeholders involvement in the hydro-geological risk prevention activities: rules and methodologies (LP) 15:00 - 15:30 Presentation of the results of the WP 4 questionnaire (DEF) The experiences in the South East Europe context 15:30 - 16:00 Presentation of the results of the "Leitfaden fuer Flussraumbetreuung in Oesterreich" WWF AT 16:00 - 16:30 Break 16:00 - 17:00 The Experience of the Autonomous Province of Bolzano 17:00 - 17:30 Risk perception among stakeholders and stakeholder involvement in na European project for risk management The point of view of the private companies in stakeholders involvement in hazard mapping Buero Revital Mr. Klaus Michor		v	Chair:			
10.15 - 12:30 Presentation of the Conference outcomes and proceedings: The hydrogeological risk in the alpine environment (Armanini/Rigon) 2000/60/EC and 2007/60/EC - points of contact and points of contrast between the European Directives and mountain peculiarities of the Italian laws of ratification (Pineschi/Palermo) Safeguard and restoration of the river ecosystems: River Basin Management Plans and Regional policies (Terzuolo/Santolini) Economic assessment on the hydropower use in alpine environment (Massarutto/Cetara) The Common guidelines for the use of small hydropower in the Alpine region of the Alpine Convention (Pfaundler/Schwaiger) Conclusions (Onida) 12.30 - 13.30 Discussion 13:30 - 14:30 Lunch Session 2: Methodologies for the participation of the stakeholders involved in flood risk prevention 14:30 - 15.00 The stakeholders involvement in the hydro-geological risk prevention activities: rules and methodologies (LP) MJ Adler 15:30 - 16:00 Presentation of the results of the WP 4 questionnaire (DEF) The experiences in the South East Europe context 15:30 - 16:00 Presentation of the results of the "Leitfaden fuer Flussraumbetreuung in Oesterreich" WWF AT 16:00 - 16:30 Break 16:30 - 17:00 The Experience of the Autonomous Province of Bolzano 17:30 - 18:00 The point of view of the private companies in stakeholders involvement in hazard mapping Buero Revital Mr. Klaus Michor		of the outcomes and Platform Water Management of the Alpine				
- The hydrogeological risk in the alpine environment (Armanini/Rigon) - 2000/60/EC and 2007/60/EC – points of contact and points of contrast between the European Directives and mountain peculiarities of the Italian laws of ratification (Pineschi/Palermo) - Safeguard and restoration of the river ecosystems: River Basin Management Plans and Regional policies (Terzuolo/Santolini) - Economic assessment on the hydropower use in alpine environment (Massarutto/Cetara) - The Common guidelines for the use of small hydropower in the Alpine region of the Alpine Convention (Pfaundler/Schwaiger) - Conclusions (Onida) 12.30 - 13.30						
of contrast between the European Directives and mountain peculiarities of the Italian laws of ratification (Pineschi/Palermo) - Safeguard and restoration of the river ecosystems: River Basin Management Plans and Regional policies (Terzuolo/Santolini) - Economic assessment on the hydropower use in alpine environment (Massarutto/Cetara) - The Common guidelines for the use of small hydropower in the Alpine region of the Alpine Convention (Pfaundler/Schwaiger) - Conclusions (Onida) 12.30 - 13.30 Discussion 13:30 - 14:30 Lunch Session 2: Methodologies for the participation of the stakeholders involved in flood risk prevention 14:30 - 15.00 The stakeholders involvement in the hydro-geological risk prevention activities: rules and methodologies (LP) 15:00 - 15.30 Presentation of the results of the WP 4 questionnaire (DEF) The experiences in the South East Europe context 15:30 - 16:00 Presentation of the results of the "Leifaden fuer Flussraumbetreuung in Oesterreich" WWF AT 16:00 - 16:30 Break 16:30 - 17:00 The Experience of the Autonomous Province of Bolzano 17:00 - 17:30 Risk perception among stakeholders and stakeholder involvement in an European project for risk management The point of view of the private companies in stakeholders involvement in hazard mapping Buero Revital Mr. Klaus Michor	10.15 – 12:30	- The hydrogeological risk in the alpine environment (Armanini/Rigon)				
Basin Management Plans and Regional policies (Terzuolo/Santolini) - Economic assessment on the hydropower use in alpine environment (Massarutto/Cetara) - The Common guidelines for the use of small hydropower in the Alpine region of the Alpine Convention (Pfaundler/Schwaiger) - Conclusions (Onida) 12.30 - 13.30 Discussion 13:30 - 14:30 Lunch Session 2: Methodologies for the participation of the stakeholders involved in flood risk prevention 14:30 - 15.00 The stakeholders involvement in the hydro-geological risk prevention activities: rules and methodologies (LP) 15:00 - 15:30 Presentation of the results of the WP 4 questionnaire (DEF) The experiences in the South East Europe context 15:30 - 16:00 Presentation of the results of the "Leitfaden fuer Flussraumbetreuung in Oesterreich" WWF AT 16:00 - 16:30 Break 16:30 - 17:00 The Experience of the Autonomous Province of Bolzano 17:00 - 17:30 Risk perception among stakeholders and stakeholder involvement in an European project for risk management 17:30 - 18:00 The point of view of the private companies in stakeholders involvement in hazard mapping Buero Revital Mr. Klaus Michor		of contrast between the European Directives and mountain peculiarities of the Italian laws of ratification (Pineschi/Palermo)				
environment (Massarutto/Cetara) The Common guidelines for the use of small hydropower in the Alpine region of the Alpine Convention (Pfaundler/Schwaiger) Conclusions (Onida) 12.30 - 13.30 Discussion 13:30 - 14:30 Lunch Session 2: Methodologies for the participation of the stakeholders involved in flood risk prevention 14:30 - 15.00 The stakeholders involvement in the hydro-geological risk prevention activities: rules and methodologies (LP) The experiences in the South East Europe context 15:30 - 16:00 Presentation of the results of the "Leitfaden fuer Flussraumbetreuung in Oesterreich" WWF AT 16:00 - 16:30 Break 16:30 - 17:00 The Experience of the Autonomous Province of Bolzano 17:00 - 17:30 Risk perception among stakeholders and stakeholder involvement in an European project for risk management 17:30 - 18:00 The point of view of the private companies in stakeholders involvement in hazard mapping Buero Revital Mr. Klaus Michor		Basin Management Plans and Regional policies (Terzuolo/Santolini)				
the Alpine region of the Alpine Convention (Pfaundler/Schwaiger) - Conclusions (Onida) 12.30 - 13.30 Discussion 13:30 - 14:30 Lunch Session 2: Methodologies for the participation of the stakeholders involved in flood risk prevention 14:30 - 15.00 The stakeholders involvement in the hydro-geological risk prevention activities: rules and methodologies (LP) 15.00 - 15.30 Presentation of the results of the WP 4 questionnaire (DEF) The experiences in the South East Europe context 15:30 - 16:00 Presentation of the results of the "Leitfaden fuer Flussraumbetreuung in Oesterreich" WWF AT 16:00 - 16:30 Break 16:30 - 17:00 The Experience of the Autonomous Province of Bolzano 17:00 - 17:30 Risk perception among stakeholders and stakeholder involvement in an European project for risk management 17:30 - 18:00 The point of view of the private companies in stakeholders involvement in hazard mapping Buero Revital Mr. Klaus Michor		environment (Massarutto/Cetara)				
12.30 - 13.30 Discussion 13:30 - 14:30 Lunch Session 2: Methodologies for the participation of the stakeholders involved in flood risk prevention 14:30 - 15.00 The stakeholders involvement in the hydro-geological risk prevention activities: rules and methodologies (LP) 15:00 - 15.30 Presentation of the results of the WP 4 questionnaire (DEF) The experiences in the South East Europe context 15:30 - 16:00 Presentation of the results of the "Leitfaden fuer Flussraumbetreuung in Oesterreich" WWF AT 16:00 - 16:30 Break 16:30 - 17:00 The Experience of the Autonomous Province of Bolzano 17:00 - 17:30 Risk perception among stakeholders and stakeholder involvement in an European project for risk management 17:30 - 18:00 The point of view of the private companies in stakeholders involvement in hazard mapping Buero Revital Mr. Klaus Michor		the Alpine region of the Alpine Convention (Pfaundler/Schwaiger)				
Session 2: Methodologies for the participation of the stakeholders involved in flood risk prevention 14:30 - 15.00 The stakeholders involvement in the hydro-geological risk prevention activities: rules and methodologies (LP) MJ Adler						
Session 2: Methodologies for the participation of the stakeholders involved in flood risk prevention 14:30 - 15.00 The stakeholders involvement in the hydro-geological risk prevention activities: rules and methodologies (LP) 15:00 - 15.30 Presentation of the results of the WP 4 questionnaire (DEF) The experiences in the South East Europe context 15:30 - 16:00 Presentation of the results of the "Leitfaden fuer Flussraumbetreuung in Oesterreich" WWF AT 16:00 - 16:30 Break 16:30 - 17:00 The Experience of the Autonomous Province of Bolzano 17:00 - 17:30 Risk perception among stakeholders and stakeholder involvement in an European project for risk management 17:30 - 18:00 The point of view of the private companies in stakeholders involvement in hazard mapping Buero Revital Mr. Klaus Michor	12.30 - 13.30	Discussion				
prevention14:30 - 15.00The stakeholders involvement in the hydro-geological risk prevention activities: rules and methodologies (LP)Chair: MJ Adler15:00 - 15.30Presentation of the results of the WP 4 questionnaire (DEF)The experiences in the South East Europe context15:30 - 16:00Presentation of the results of the "Leitfaden fuer Flussraumbetreuung in Oesterreich" WWF AT16:00 - 16:30Break16:30 - 17:00The Experience of the Autonomous Province of Bolzano17:00 - 17:30Risk perception among stakeholders and stakeholder involvement in an European project for risk management17:30 - 18:00The point of view of the private companies in stakeholders involvement in hazard mapping Buero Revital Mr. Klaus Michor	13:30 - 14:30	Lunch				
prevention activities: rules and methodologies (LP) 15.00 - 15.30 Presentation of the results of the WP 4 questionnaire (DEF) The experiences in the South East Europe context 15:30 - 16:00 Presentation of the results of the "Leitfaden fuer Flussraumbetreuung in Oesterreich" WWF AT 16:00 - 16:30 Break 16:30 - 17:00 The Experience of the Autonomous Province of Bolzano 17:00 - 17:30 Risk perception among stakeholders and stakeholder involvement in an European project for risk management 17:30 - 18:00 The point of view of the private companies in stakeholders involvement in hazard mapping Buero Revital Mr. Klaus Michor	Session 2: Methodologies for the participation of the stakeholders involved in flood risk prevention					
The experiences in the South East Europe context 15:30 – 16:00 Presentation of the results of the "Leitfaden fuer Flussraumbetreuung in Oesterreich" WWF AT 16:00 – 16:30 Break 16:30 – 17:00 The Experience of the Autonomous Province of Bolzano 17:00 – 17:30 Risk perception among stakeholders and stakeholder involvement in an European project for risk management 17:30 – 18:00 The point of view of the private companies in stakeholders involvement in hazard mapping Buero Revital Mr. Klaus Michor	14:30 - 15.00	, , ,				
15:30 – 16:00Presentation of the results of the "Leitfaden fuer Flussraumbetreuung in Oesterreich" WWF AT16:00 – 16:30Break16:30 – 17:00The Experience of the Autonomous Province of Bolzano17:00 – 17:30Risk perception among stakeholders and stakeholder involvement in an European project for risk management17:30 – 18:00The point of view of the private companies in stakeholders involvement in hazard mapping Buero Revital Mr. Klaus Michor	15.00 - 15.30	Presentation of the results of the WP 4 questionnaire (DEF)

Tuesday, October 4, 2011

Session 3: The organizational experiences of the hydro-geological risk prevention in Italian North-East District

09:30 – 09:50	District and River Basin Authorities: actors, instruments, organization (Roberto Casarin)	Chair: Angheben
09:50 - 10.10	Risk definition, planning and prevention activities in PAT (Coali)	
10:10 - 10.30	Emergency and civil protection organization in PAT (Cristofori)	
10.30 - 10.50	Risk definition, planning and prevention activities, emergency and civil protection organization in PABz (Pollingher)	
10:50 – 11:10	Slizza basin: studies for hydrogeological risk management in a small alpine basin and their consequences or applicability on trans-national planning (Casagrande)	
11.10 – 11.30	CUDAM: the experience of the scientific world	
11:30 –12:45	Roundtable discussion	
12:45 – 13:30	Lunch break	

Session 4: Working session on Danube mapping

<u> </u>		
13:30 – 16:00	Presentations on the activities of WP 6 and coordination with WP3 and WP5.	Chair: Monacelli
	State of the Art:	Wionaccin
	Brief presentation (10 m) of each involved partner in WP6	
	- (LP) - Romania:MM	
	- (PP1) - Austria: UBA-A	
	- (PP2) - Austria: VD – Via Donau.	
	- (PP3) - Bulgaria: MOEW.	
	- (PP9) - Romania: TUCEB.	
	- (PP10) - Romania: RWNA.	
	- (PP11) - Romania: DDNI.	
	- (PP13) - Slovakia: SWME.	
	Brief presentation (10 m) on modalities for coordination with WP3 and WP5	
	- (PP6) - Hungary: VITUKI	
	- (PP11) - Romania: DDNI	
	Lead activity and WP6 time schedule	
	- (PP8 - ISPRA) Silvia Franceschi	
16:00 – 16:15	break	
16:15 – 17:30	Discussion on the Working Plan and Suggestions – round table action	
17:30	Closure
