

In the Wake of Plastics 13-15 October 2015 Don Orione Artigianelli Conference Center, Venice, Italy

Preliminary Programme:

Tuesday: October 13th 2015

08:15	09:00	Registration
09:00	09:20	Opening and welcome
		MARINE LITTER
		Chairs: C. Zeri, G. Pojana
09:20	10:00	Invited lecture F. Galgani
L 13.1.1		 Marine Litter in the Mediterranean Sea
10:00	10:20	C. Zeri – Beach Litter in the Southern Adriatic coasts: Results from a fine-scale
L 13.1.2		sampling
10:20	10:40	S. Aliani – To strand or not to strand: the fate of plastic debris in coastal currents
L 13.1.3		
10:40	11:00	C. Mazziotti – The origin of marine litter and its environmental impacts during
L 13.1.4		recent decades
11:00	11:30	Coffee break
		GHOST NETS
		Chairs: A. Krzan, T. Fortibuoni
11:30	11:50	P. Tutman – Ghost-net fishing along the Croatian coastline; occurrence and
L 13.2.1		biological impact on marine biodiversity, a preliminary assesment
11:50	12:10	F. Riccato – First data on ghost fishing gears and other fishing waste in the
L 13.2.2		outcrop area of the Gulf of Venice
12:10	12:30	Conference sponsor presentation – MADAtec
L 13.2.3		D. Manzini – Hiphenated spectroscopic microanalysis (Raman, colorimetry)
12:30	12.50	M. Angiolillo – Monitoring and assessment of marine debris in a biodiversity
L 13.2.4		hotspot in the Northern Adriatic Sea (Mediterranean Sea)
12:50	14:00	Lunch break and Poster session

Tuesday: October 13th 2015

		SOCIAL AND ECONOMICAL IMPACTS
		Chairs: F. Galgani, A.A. Koelmans
14:00	14:20	A. Ariel – Policy implications of marine debris studies: the Israeli case study
L 13.3.1		
14:20	14:40	R. Cavallo – Let's Clean Up Europe, reducing marine litter from the source
L 13.3.2		
14:40	15:00	(L 14.2.3) F. Ronchi – Marine litter: not only a fishermen's problem
L 13.3.3		(L 13.3.3 G. Papatheodorou – LIFE DEBAG: a project for the reduction of plastic bags in the marine environment moved to L 15.3.1)
15:00	15:20	P. Van den Dries – Incentive based fee systems for ship-generated wastes
L 13.3.4		
15:20	15:45	Coffee break
		WORKSHOP co-organised by EUCC Mediterranean Centre,
		responsible for the Mediterranean region within FP7 Project CleanSea
15:45	17:45	ADDRESSING MARINE LITTER IN THE MEDITERRANEAN REGION -
		Stakeholder insights into the most adequate and
		effective measures on key marine litter items

Università Ca'Foscari Venezia

Wednesday October 14th 2015

		PLASTICS AND MICROPLASTICS
	40.00	Chairs: E. Kaberi, H. K. Karapanagioti
09:20	10:00	Invited lecture H. K. Karapanagioti
L 14.1.1		– Hazardous Chemicals and Microplastics
10:00	10:20	C. Ioakeimidis – Plastic Bottles: A first indication about their lifetime in the marine
L 14.1.2		environment
10:20	10:40	G. Pojana – Microplastics in the beach sediment of the Lido Island (Venice)
L 14.1.3		
10:40	11:00	A. Adamopoulou – Abundance of microplastics in waters and coasts of the
L 14.1.4		Southern Adriatic Sea
11:00	11:30	Coffee break
		FISHING FOR LITTER
		Chairs: T. Fortibuoni, A. Krzan
11:30	11:50	P. Pelusi – Derelict nets: from danger to opportunity
L 14.2.1		
11:50	12:10	Papadopoulou – Marine litter collected by trawling from fishing grounds in the
L 14.2.2		Aegean Sea (E. Mediterranean) and potential underestimates
12:10	12:30	To be defined
L 14.2.3		(L 14.2.3 F. Ronchi – Marine litter: not only a fishermen's problem moved to L13.3.3
12:30	12.50	Conference sponsor presentation – FKV
L 14.2.4		J. Le Chevalier (Thermo Fischer Scientific) – Micro Phazir PC for plastics
		identification
12:50	14:00	Lunch break and Poster session
		MICROPLASTICS AND BIOTA (1)
		Chairs: P. Tutman, C. Mazziotti
14:00	14:40	Invited lecture C. Laforsch
L 14.3.1		 Microplastics in freshwater ecosystems
14:40	15:00	I. Campana – Marine litter and mega-fauna monitoring in Western
L 14.3.2		Mediterranean Region
15:00	15:20	A. Anastasopoulou – Litter ingested by fish in the Eastern Ionian Sea
L 14.3.3		
15:20	15:40	C. G. Avio – Presence, distribution and characterization of microplastics in
L 14.3.4		commercial organisms from Mediterranean
		<u> </u>

Università Ca'Foscari Venezia

Thursday: October 15th 2015

MICROPLASTICS AND BIOTA (2) Chairs: C. Laforsch, A.A. Koelmans 09:20 10:00 Invited lecture A. A. Koelmans 115.1.1 - Microplastics as vectors of contaminants to aquatic organisms 10:00 10:20 M. Papadatou - Bacterial diversity associated with anthropogenic particles and neuston in the surface layer of the East Atlantic Ocean 10:20 10:40 F. Collard - Anthropogenic particles in stomachs of anchovies (Engraulis encrasicolus) related to gill rakers morphology 10:40 11:00 Conference sponsor presentation - Agilent Technologies particles 11:00 11:00 Coffee break 11:00 11:30 Coffee break MONITORING (1) Chairs: H. K. Karapanagioti, C. Zeri 11:30 11:50 M. Nazlić - Preliminary findings of marine litter monitoring on beaches, sea surface and seafloor on pilot sites within the framework of DeFishGear project in Croatia 11:50 12:10 M. C. Fossi - Microplastic, gyres and fin whales in the Mediterranean Sea 11:52.3 12:30 G. Pasquini - Beach litter monitoring along the Italian Adriatic coast 11:52.3 12:30 S. Kordella - Cigarette butt abundance on Greek tourist beaches monitored Lits.2.4 12:30 12:50			
09:20 10:00 Invited lecture A. A. Koelmans 115.1.1 - Microplastics as vectors of contaminants to aquatic organisms 10:00 10:20 M. Papadatou – Bacterial diversity associated with anthropogenic particles and neuston in the surface layer of the East Atlantic Ocean 10:20 10:40 F. Collard – Anthropogenic particles in stomachs of anchovies (Engraulis encrasicolus) related to gill rakers morphology 10:40 11:00 Conference sponsor presentation – Agilent Technologies particles 11:51.4 P. Scardina – Achieving a spatial resolution of less than 1 micron by focal plane array FT-IR Imaging to obtain a fast and accurate identification of microplastics particles 11:00 11:30 Coffee break MONITORING (1) Chairs: H. K. Karapanagioti, C. Zeri 11:30 11:50 M. Nazlić – Preliminary findings of marine litter monitoring on beaches, sea surface and seafloor on pilot sites within the framework of DeFishGear project in Croatia 11:50 12:10 M. C. Fossi – Microplastic, gyres and fin whales in the Mediterranean Sea 115.2.2 12:30 G. Pasquini – Beach litter monitoring along the Italian Adriatic coast 115.2.3 12:30 12:50 S. Kordella – Cigarette butt abundance on Greek tourist beaches monitored during LIFE AMMOS: a project for the prevention of smoking related marine litter 12:50			MICROPLASTICS AND BIOTA (2)
L 15.1.1 - Microplastics as vectors of contaminants to aquatic organisms 10:00 10:20 M. Papadatou – Bacterial diversity associated with anthropogenic particles and neuston in the surface layer of the East Atlantic Ocean 10:20 10:40 F. Collard – Anthropogenic particles in stomachs of anchovies (Engraulis encrasicolus) related to gill rakers morphology 10:40 11:00 Conference sponsor presentation – Agilent Technologies encrasicolus) related to gill rakers morphology 10:41 P. Scardina – Achieving a spatial resolution of less than 1 micron by focal plane array FT-IR Imaging to obtain a fast and accurate identification of microplastics particles 11:00 11:30 Coffee break MONITORING (1) Chairs: H. K. Karapanagioti, C. Zeri 11:30 11:50 M. Nazlić – Preliminary findings of marine litter monitoring on beaches, sea surface and seafloor on pilot sites within the framework of DeFishGear project in Croatia 11:50 12:10 M. C. Fossi – Microplastic, gyres and fin whales in the Mediterranean Sea 115.2.3 12:30 S. Kordella – Cigarette butt abundance on Greek tourist beaches monitored during LIFE AMMOS: a project for the prevention of smoking related marine litter 12:50 14:00 Lunch break and Poster session MONITORING (2) Chairs: T. Vlachogianni, E. Kaberi 14:00 14:		40.00	•
10:00 10:20 M. Papadatou – Bacterial diversity associated with anthropogenic particles and neuston in the surface layer of the East Atlantic Ocean 10:20 10:40 F. Collard – Anthropogenic particles in stomachs of anchovies (Engraulis encrasicolus) related to gill rakers morphology 10:40 11:00 Conference sponsor presentation – Agilent Technologies particles 11:10 11:00 Conference sponsor presentation – Agilent Technologies particles 11:00 11:30 Coffee break MONITORING (1) Chairs: H. K. Karapanagioti, C. Zeri 11:30 11:50 M. Nazlić – Preliminary findings of marine litter monitoring on beaches, sea surface and seafloor on pilot sites within the framework of DeFishGear project in Croatia 11:50 12:10 M. C. Fossi – Microplastic, gyres and fin whales in the Mediterranean Sea 115.2.3 12:30 G. Pasquini – Beach litter monitoring along the Italian Adriatic coast 115.2.3 12:50 S. Kordella – Cigarette butt abundance on Greek tourist beaches monitored during LIFE AMMOS: a project for the prevention of smoking related marine litter 12:50 14:00 Lunch break and Poster session MONITORING (2) Chairs: T. Vlachogianni, E. Kaberi 14:00 14:20 (L 13.3.3) G. Papatheodorou – LIFE DEBAG: a project for the reduction		10:00	
L 15.1.2 neuston in the surface layer of the East Atlantic Ocean 10:20 10:40 F. Collard – Anthropogenic particles in stomachs of anchovies (Engraulis encrasicolus) related to gill rakers morphology 10:40 11:00 Conference sponsor presentation – Agilent Technologies L 15.1.4 P. Scardina – Achieving a spatial resolution of less than 1 micron by focal plane array FT-IR Imaging to obtain a fast and accurate identification of microplastics particles 11:00 11:30 Coffee break MONITORING (1) Chairs: H. K. Karapanagioti, C. Zeri 11:30 11:50 M. Nazlić – Preliminary findings of marine litter monitoring on beaches, sea L 15.2.1 11:50 12:10 M. C. Fossi – Microplastic, gyres and fin whales in the Mediterranean Sea L 15.2.2 12:10 12:30 G. Pasquini – Beach litter monitoring along the Italian Adriatic coast L 15.2.3 12:50 S. Kordella – Cigarette butt abundance on Greek tourist beaches monitored L 15.2.3 12:50 14:00 Lunch break and Poster session MONITORING (2) Chairs: T. Vlachogianni, E. Kaberi 14:00 14:20 (L 13.3.3) G. Papatheodorou – LIFE DEBAG: a project for the reduction of plastic L 15.3.1 14:20 14:40 S. Carpentieri – Goletta verde monitoring floating litter along the Italian coasts			
10:20 10:40 F. Collard – Anthropogenic particles in stomachs of anchovies (Engraulis L15.1.3 11:00 11:00 Conference sponsor presentation – Agilent Technologies 11:1.4 P. Scardina – Achieving a spatial resolution of less than 1 micron by focal plane array FT-IR Imaging to obtain a fast and accurate identification of microplastics particles 11:00 11:30 Coffee break MONITORING (1) Chairs: H. K. Karapanagioti, C. Zeri 11:30 11:50 M. Nazlić – Preliminary findings of marine litter monitoring on beaches, sea L15.2.1 surface and seafloor on pilot sites within the framework of DeFishGear project in Croatia Croatia 11:50 12:10 M. C. Fossi – Microplastic, gyres and fin whales in the Mediterranean Sea L15.2.2 12:10 12:30 G. Pasquini – Beach litter monitoring along the Italian Adriatic coast L15.2.3 12:50 S. Kordella – Cigarette butt abundance on Greek tourist beaches monitored L15.2.4 12:30 Lunch break and Poster session MONITORING (2) Chairs: T. Vlachogianni, E. Kaberi 14:00 14:20 (L 13.3.3) G. Papatheodorou – LIFE DEBAG: a project for the reduction of plastic L15.3.1 14:40 15:00 T. Chieruzzi – First observations on floating litter along the Italian coasts 15:3.2 14:40 <td></td> <td>10:20</td> <td></td>		10:20	
L 15.1.3 encrasicolus) related to gill rakers morphology 10:40 11:00 Conference sponsor presentation – Agilent Technologies L 15.1.4 P. Scardina – Achieving a spatial resolution of less than 1 micron by focal plane array FT-IR Imaging to obtain a fast and accurate identification of microplastics particles 11:00 11:30 Coffee break MONITORING (1) Chairs: H. K. Karapanagioti, C. Zeri 11:30 11:50 M. Nazlić – Preliminary findings of marine litter monitoring on beaches, sea surface and seafloor on pilot sites within the framework of DeFishGear project in Croatia 11:50 12:10 M. C. Fossi – Microplastic, gyres and fin whales in the Mediterranean Sea L 15:2.2 12:10 12:30 G. Pasquini – Beach litter monitoring along the Italian Adriatic coast L 15:2.3 12:50 S. Kordella – Cigarette butt abundance on Greek tourist beaches monitored during LIFE AMMOS: a project for the prevention of smoking related marine litter 12:50 14:00 Lunch break and Poster session MONITORING (2) Chairs: T. Vlachogianni, E. Kaberi 14:00 14:20 (L 13.3.3) G. Papatheodorou – LIFE DEBAG: a project for the reduction of plastic L15.3.1 14:40 15:00 T. Chieruzzi – First observations on floating litter along the Italian coasts 15:3.3 Venice" campaign			•
10:40 11:00 Conference sponsor presentation – Agilent Technologies L 15.1.4 P. Scardina – Achieving a spatial resolution of less than 1 micron by focal plane array FT-IR Imaging to obtain a fast and accurate identification of microplastics particles 11:00 11:30 Coffee break MONITORING (1) Chairs: H. POSTER SESSION

From Tuesday October 13th to Thursday October 15th 2015

	BEACH LITTER
Po_01_BL	G. Pasternak – Classification and Spatial Distribution of Plastic debris along the Israeli coast
Po_02_BL	G. Poeta – Determining Beach Litter distribution and source in central Italy sandy shores
Po_03_BL	D. Bojanić Varezić – Marine litter – accumulation hot spots on the Croatian part of the Adriatic Sea
Po_03aBL	P. Makorič – Organic pollutants adsorbed on plastic pellets
	FLOATING LITTER
Po_04_FL	R. Crosti – Floating marine macrolitter between Sicily and Tunisia: results of a pilot survey
Po_05_FL	G. Suaria – Inter-annual and seasonal variability in the occurrence of floating macro- debris in the Northern Ionian and Southern Adriatic Sea
Po_06_FL	A. Pesic – Monitoring of floating litter in Bokakotorska Bay (Montenegro, South Adriatic)
Po_07_FL	M. Ramazio – Winter 2015 results on abundance, composition and distribution of marine macro-litter in the Adriatic-Ionian sea
	MICROPLASTICS
Po_08_Mi	M. Torre – Air-borne microfiber contamination of marine fish gastro-intestinal contents during ingested litter stereomicroscopic analysis
Po_09_Mi	C. Tsangaris – Microplastics detection in marine biota: Methodological considerations
Po_10_Mi	J. Šiljić – The occurrence of microplastic debris in the sea surface and on the beaches
	of middle Adriatic Sea, Croatia
	RIVERS AND WASTEWATERS
_Po_11_RW	M. Kovak Viršek – Estimation of microplastic riverine loads to European Seas
Po_12_RW	I.K. Kalavrouziotis – Microplastics and Wastewater Treatment Plants
Po_13_RW	R. Auriemma – Sewage outfalls: a source of macroplastics
Po_14_RW	P. Beza– Tracking litter accumulation sites at the riverbanks of Kalamas in Western Greece
	SEA BOTTOM
Po_15_SB	Ch. Mytilineou – Antropogenic litter from the deep bottom of the Eastern Ionian Sea
Po_16_SB	K. N. Papadopoulou – Fishermen's attitudes and perceptions on derelict fishing gear and marine litter: preliminary results from the Greek Ionian DeFishGear study
Po_17_SB	M. Pavičić – Fishing for litter activities in the fishing port Vira, island of Hvar, Croatia
Po_18_SB	T. Fortibuoni – Fishing for Litter pilot activity in Chioggia (Italy): a successful initiative
Po_19_SB	A. Anastasopoulou – Marine Litter collected by fishermen from the sea bottom off Corfu Island (Eastern Ionian Sea)
Po_20_SB	S. Somarakis – Spatial distribution and typology of marine litter off the coasts of Corfu: results from the DeFishGear experimental bottom-trawl surveys
