9:30 – 9:40 Welcome of the Marina Militare representative

Conference opening

9:40 – 09:50

Ing. **Maurizio Ferla** – Dirigente Centro Nazionale per la caratterizzazione ambientale e la protezione della fascia costiera e l'oceanografia operativa (ISPRA)

09:50 – 10:00

Dott.ssa **Stefania Betti** – Punto di Contatto Nazionale LIFE Ministero dell'Ambiente e della Tutela del Territorio e del Mare, AT Sogesid

SESSION I - SEAGRASS RESTORATION

Chairman: Rossella Boscolo Brusà, Institute for Environmental Protection and Research (ISPRA), Italy

10.00 – 10.30

LIFE SERESTO: results after 4-year of seagrass transplanting activity
Adriano Sfriso, Ca' Foscari University of Venice, Italy

10.30 – 10:55

LIFE SERESTO: improvement of the Ecological status and habitat 1150* Conservation degree following the seagrass restoration
Andrea Bonometto, Institute for Environmental Protection and Research (ISPRA), Italy

10:55 – 11:20

The contribute of LIFE projects in the Safeguarding of the Venice Lagoon
Roberto Linetti, Valerio Volpe, Public Works Ministry, Venice Water Authority, Italy

11:20- 11:45 coffee break

Chairman: Adriano Sfriso, Ca' Foscari University of Venice, Italy

11:45 – 12:10

Global analysis of seagrass restoration
Marieke M. van Katwijk, Radboud University Nijmegen, The Netherlands

12:10 – 12:35

LAGOONS EU Project - Modelling the processes associated with intertidal seagrass communities in Ria de Aveiro, a mesotidal coastal lagoon
Ana Azevedo, Centre for Environmental and Marine Studies (CESAM), University of Aveiro, Portugal

12:35 – 13:00

Life SEPOSSO: Supporting Environmental governance for the POSidonia oceanica Sustainable transplanting Operations
Tiziano Bacci, Barbara La Porta, Institute for Environmental Protection and Research (ISPRA), Italy

13:00 – 14:20 lunch

SESSION II - EU PROJECT FOR LAGOON RESTORATION

Chairman: Andrea Bonometto, Institute for Environmental Protection and Research (ISPRA), Italy

14:20 – 14:45

Adaptation and mitigation measures to climate change in the Ebro delta:
Life EBRO-ADMICLIM

Carles Ibáñez, Institut de Recerca i Tecnologia Agroalimentàries (IRTA), Catalunya, Spain

14:45 – 15:10

LIFE LAGOON REFRESH: Coastal lagoon habitat (1150*) and species recovery by restoring the salt gradient increasing fresh water input Lagoon
Rossella Boscolo Brusà, Institute for Environmental Protection and Research (ISPRA), Italy

15:10 – 15:35

Life BARGE: Preservation, restoration and valuation of coastal habitats of european interest of the Aiguillon Bay
Frederic Corre, Manager of the National Nature Reserve of Aiguillon Bay, France

15:35 – 16:00

Ecological restoration in estuarine environments: experiences, trajectories and driving factors
Mike Elliott, Institute of Estuarine & Coastal Studies (IECS), University of Hull, UK

SESSION III - ROUND TABLE DISCUSSION

16:10 – 17:45 Protection and restoration of Italian lagoons: state of the art, technical and scientific gaps and recommendations for applied research

Moderator: ing. Maurizio Ferla, Institute for Environmental Protection and Research (ISPRA), Italy

Participants:

dott.ssa Maria Chiara Barile (MATTM, DG STA), **dott. Luca Marchesi** (ARPA Friuli Venezia Giulia), **dott. Paolo Parati** (ARPA Veneto), **dott.ssa Carla Rita Ferrari** (ARPA Emilia Romagna), **dott. Nicola Ungaro** (ARPA Puglia), **ing. Francesco Baruffi** (Autorità Distretto Alpi Orientali), **dott. Meuccio Berselli** (Autorità di Bacino Distrettuale del Fiume Po)

17:45 Conclusion

18:00 Closing cocktail
