Pilot Action for a Healthy, Plastic-free, Mediterranean Sea

The Italian HUB for the BLUEMED initiative Pilot “Towards a Healthy plastic-free Mediterranean Sea”

*(web meeting organized by the BLUEMED GSO and CSA;
hosted by CLUSTER BIG)*

Agenda

Naples, October 9, 2020

Participation link

<https://conference.wildix.com/conf/c48ffcd6-8391257>

Dial-in number [+390689960403](tel:+390689960403) ID: 8391257

Objectives of the meeting

Mapping most relevant national marine litter mitigation and prevention actions/initiatives with clear technological, business, policy, educational or social impacts dealing with

- 1) Monitoring and Assessment;
- 2) Preventing/ Recycling / Circular thinking;
- 3) Collection and Valorization;
- 4) Education/Training/Communication
- 5) Policies/Regulatory framework/Financing.

The web streaming will be recorded and the material presented made available on the SEMED platform, where information on the other hubs of the other BLUEMED initiative Countries are also available.

10.15	<p>Introduction (in Italian) Moderator: Fabio TRINCARDI, BLUEMED CSA and Fabio FAVA, BLUEMED Initiative GSO WG</p> <p><i>Welcome Greetings</i> - Roberto DANOVARO, President of the Anton Dohrn Zoological Station</p> <p><i>Greetings and Introduction</i> Filippo DE ROSSI, Chair of the technical secretariat of Minister of University and Research Sigi GRUBER, Head of Unit on Marine Resources, DG RTD, EU Commission Francesco REGOLI, Italian Delegate for the mission “Healthy oceans, seas, coastal and inland waters” Roberto CIMINO, President of the Italian Cluster on Blue Growth</p>
Technical session (in Italian)	
10:45	<p>Session I - Taking Action for a Healthy plastic-free Mediterranean Sea Moderator: Margherita CAPPELLETTO, BLUEMED CSA</p>
10:50	<p>Italy and the BLUEMED Pilot: Towards a Healthy plastic-free Mediterranean Sea Fabio FAVA: BLUEMED Initiative GSO WG</p>
11:00	<p>The SEMED platform. Opportunity for the BLUEMED Pilot Fabio ROTONDI, Facility Live</p>
11:10	<p>The Plastic Economy Giuseppe RIVA, PLASTICSEUROPE</p>
11:20	<p>Taking Action/Initiatives and Campaign (10' each) Luigi AGRESTI, WWF - <i>tbc</i> Stefania DI VITO, LEGAMBIENTE – <i>LEGAMBIENTE activities against marine litter: monitoring tools, projects and citizen science</i> Carmen DI PENTA, MAREVIVO - <i>Let's save the Sea</i> Stefania VALENTINI, FEDERPESCA Europa – <i>Humans of the Mediterranean: the generation that heals the Seas</i> Mattia COMOTTO, Healthy Seas Initiative/Aquafil - <i>THE ECONYL® REGENERATION SYSTEM: an opportunity for nylon 6 fishing nets to never become waste</i> Loredana INCARNATO, Dipartimento di Ingegneria Industriale UniSA - <i>Educational and research strategies for circular thinking in packaging plastic waste management</i></p>
12:20	<p>Local actions speed pitching (3'- 5' each) Franco ANDALORO, SZN – <i>F.Andaloro, T.Romeo, P. Consoli "Fishing for litter: the problems to solve to transform the scientific experiences in a daily fishermen good practices</i> Cristina PANTI, UNISI - <i>The AdriCleanFish project: assessment of multiple impacts of marine litter in the Adriatic Sea</i></p>

12:30	Break
13:45	Session II - The role of Research and Innovation Moderator: Fedra FRANCOCCI , BLUEMED CSA
13:45	Strategic National and European Projects Overview - Impacts (7' each) Alessandra GIORGETTI , OGS - EMODnet Chemistry platform. <i>HQ data to support european policies and global assessment</i> Maria Cristina FOSSI , UNISI - <i>The Plastic Busters project at Mediterranean scale</i> Francesco REGOLI - UNIVPM - <i>Exploring fate and biological effects of microplastics for a risk-based assessment in marine ecosystems: the national PRIN-EMME and the JPI Oceans RESPONSE</i> Francesca GARAVENTA , CNR <i>Plastic pollution: assessing the extent and finding solutions</i> Cecilia SILVESTRI , ISPRA - <i>Marine litter: an issue inside a quadrilateral</i> Silvestro GRECO , SZN Maria Cristina COCCA , CNR, <i>IPCB activities in the Sirimap project</i> Marina LOCITANI , INGV - <i>Monitoring, research, citizen science and outreach activities in INGV to face the marine litter problem</i> Enrico ZAMBIANCHI , CONISMA - <i>CoNISMa on marine litter: projects and proposals</i> Massimo ZUCCARO , CIHEAM - <i>Actions for monitoring and mitigating marine litter in the South of Italy (Puglia Region, Salento)</i>
15:00	Strategic National and European Projects Overview - Solutions (5'-7') Giovanna ARMIENTO , ENEA - <i>ENEA actions towards plastic-free seas</i> Alberto BELLINI , UNIBO - <i>EIT Climate-KIC eCircular</i> Fantina MADRICARDO , CNR - <i>Marine Litter: from problem to resource, the marGnet and MAELSTROM projects</i> Giulio ZANAROLI , UNIBO - <i>Terminus H2020 Project: in-built Triggered Enzymes toRecycle Multi-layers: an Innovation for Uses in plastic-packaging</i>
15:30	"Doing differently, doing effectively" speed pitching (3'/ 5') Giulia CATALUFFI , CASTALIA - <i>River Litter project</i> Nadia LAMBIASE , Mercato Circolare Carmine PAGNOZZI , ASSOBIOPLASTICHE
15:45	Discussion and Closing Remarks Chair: Fabio TRINCARDI , coordinator of BLUEMED CSA
16:00	End of the meeting
